ADDITIONAL SELECTION COMPONENTS

Candidates are encouraged to visit CDCR's website at www.cdcr.ca.gov for more detailed information regarding these selection components.

1) VISION SCREENING (PASS/FAIL)

A vision screening is conducted to determine the candidate's distant and color vision. To be successful in the vision test, the candidate's visual acuity must be no worse than 20/60 in each eye and correctable to 20/20 in each eye. Color vision must be adequate to successfully perform the job as measured by the Ishihara or Farnsworth tests. Candidates who do not pass the vision screening, and/or do not provide a doctor's verification that the vision standards are met, will be eliminated from the examination. Candidates have six months from the date of the written test or participation in their first selection component to meet the vision requirements. Soft contact lenses and corrective surgery information is available on CDCR's website.

2) PHYSICAL ABILITIES TEST (PAT) (PASS/FAIL)

The Physical Abilities Test for **CO**, **YCO** and **YCC** applicants consists of two parts:

1. The Risk Assessment determines if it is safe for you to take the PAT. It consists of a screening of your current health status and a cardiac risk assessment that includes: age, height and weight, percentage of body fat, blood pressure, family history, smoking history, and level of physical activity. *If you fail the Risk Assessment, you will be required to provide a Physician's approval to participate in the PAT.*
2. Five physically demanding performance tests to evaluate your overall fitness to perform required job duties.
 - Test 1) **PEDOL** – Three-minute bicycle ergometer test with tension applied according to body weight. Blood pressure, heart rate and ECG will be monitored throughout the test. This test can be compared to a maximal stress test for individuals in below average condition.
 - Test 2) **TRUNK STRENGTH** – Requires the candidate to exert a maximal force against a cable tensiometer. Flexion: abdominal muscles (89 lbs.). Extension: Back extensor muscles (109 lbs.).
 - Test 3) **GRIP STRENGTH** – A hand grip dynamometer test designed to measure the candidate's grip strength (34 kg).
 - Test 4) **DYNAMIC ARM** – Utilizing the hands and arms, sitting on the floor behind the bike, the candidate must pedal a bicycle ergometer with 2.5 kps of resistance. The candidate must complete 45 revolutions in one minute.
 - Test 5) **DYNAMIC LEG** – The candidate must pedal at a rapid pace for one minute with 3.0 kps or resistance and complete 70 revolutions.

3) INITIAL INVESTIGATIVE INTERVIEW (PASS/FAIL)

The background investigation is conducted to determine if the candidate is of good moral character and suitable to assume the duties and responsibilities of a **CO**, **YCO** or **YCC**. Candidates are required to complete a *Personal History Statement* and provide other required documents. All documents will be collected and reviewed by a Background Investigator to ensure that the minimum qualifications are met and that the candidate is suitable for peace officer employment. The employment history, military experience, educational background, history as a law abiding citizen (including contacts with law enforcement personnel, detentions, arrests, convictions, etc.), motor vehicle operation records, and other aspects of each candidate's history will also be reviewed and verified.

4) PEACE OFFICER PSYCHOLOGICAL EVALUATION (POPE) (PASS/FAIL)

The POPE includes two written tests and an interview with a psychologist to determine that the candidate is free of any emotional or mental limitations, which could restrict him/her from safely performing the essential functions of the position. The POPE is taken in two sessions: the written tests are taken first and then the interview is scheduled at a later date. An approved POPE is valid for one year and must be current at the time of appointment. Candidates not cleared by the POPE cannot reapply for this position for 12 months from the date of disqualification.

5) PREEMPLOYMENT MEDICAL EXAMINATION (PEM) (PASS/FAIL)

The PEM includes, but is not limited to: a urinalysis, complete blood count, blood chemistry panel, VDRL, a general physical examination, and other tests, if necessary. Any limitation, which restricts a person from safely performing the essential functions of the position, may constitute basis for elimination from the certification list. An approved PEM is valid for one year and must be current at the time of appointment.
